ENABLING ENVIRONMENT

MAKE THE **choice. TO RAISE YOUR VOICE**

Keep in mind!

- Simply having young people present does not result in 'meaningful' participation.
- Young people must have a certain level of empowerment, responsibility, and decision-making power to participate meaningfully.

Things to take home

- Challenges can be overcome and worked around
- Learn by doing
- Establish clear “rules of the game”
- Youth participation is crosscutting in the whole organization
- Youth can/should be the bridge to make complicated processes youth-friendlier
